

ATULYA JAISWAL

SOFTWARE ENGINEER | FULL-STACK DEVELOPER

Chennai, India | atulya.jaiswal@email.com | +91-XXXXXXXXXX
LinkedIn: linkedin.com/in/atulya-jaiswal | GitHub: github.com/atulya-jaiswal

PROFESSIONAL SUMMARY

Motivated and detail-oriented Software Engineer with a strong foundation in Data Structures & Algorithms, Object-Oriented Programming, Database Management, and Web Development. Skilled in developing scalable applications using modern programming technologies and solving complex technical problems.

TECHNICAL SKILLS

Programming: Java, C++, Python, JavaScript, SQL

Web: HTML, CSS, JavaScript, React.js, Node.js, Express.js

Backend & APIs: REST APIs, FastAPI, Node.js, Express.js

Databases: MySQL, SQLite, MongoDB

Core CS: Data Structures & Algorithms, OOP, DBMS, Operating Systems, Computer Networks

Tools: Git, GitHub, VS Code, Postman, Docker

PROJECTS

Resume Screening AI

Technologies: Python, Machine Learning, Node.js, React.js, MySQL

- Developed an AI-based application to analyze and screen resumes automatically.
- Implemented resume processing and candidate information extraction.
- Designed backend APIs and integrated a relational database for candidate and job information.

AI Government Scheme Assistant

Technologies: React.js, Python, FastAPI, Machine Learning

- Designed an AI-powered system for recommending government schemes based on user information.
- Implemented eligibility-based recommendation and backend APIs.
- Created interfaces for schemes, benefits, documents, and application information.

Expense Tracker Application

Technologies: Java, OOP, File Handling

- Developed a console-based application to manage personal expenses.
- Implemented adding, viewing, updating, and deleting expense records with persistent storage.

EDUCATION

Bachelor of Engineering — Computer Science and Engineering

[College / University Name], [City] | Expected Graduation: [Year]

Relevant Coursework: Data Structures & Algorithms, OOP, DBMS, Operating Systems, Computer Networks, Software Engineering, Machine Learning

EXPERIENCE

Software Engineering Intern — [Company Name]

[Location] | [Month Year] – [Month Year]

- Developed and maintained software features using Java, Python, JavaScript, and SQL.
- Worked with REST APIs and relational databases; debugged application issues and improved reliability.
- Collaborated using Git/GitHub and participated in testing and code reviews.

CERTIFICATIONS

- Data Structures & Algorithms — [Platform]
- Java Programming — [Platform]
- Python Programming — [Platform]
- Web Development — [Platform]
- Machine Learning — [Platform]

SOFT SKILLS

Problem Solving • Analytical Thinking • Team Collaboration • Communication • Time Management • Quick Learning
